

Test Certificate

Report number: 18084

for the fountain solution concentrate

2 in 1 Fountain Solution

manufactured by

BM Management CC

The above-mentioned fountain solution concentrate for sheetfed applications was tested by the Fogra in accordance to the guideline "How to test the corrosive potential of fountain solution concentrates" (version 12/2004). This guideline was jointly established with the printing press manufacturers:

- Heidelberger Druckmaschinen AG
- manroland AG
- Koenig & Bauer AG

The issued test certificate confirms that the tested fountain solution concentrate did not exceed the requested limits of corrosive attack against specific metallic materials as described in the above mentioned guideline.

The test certificate refers exclusively to the chemical composition of the fountain solution concentrate submitted for the test and as described in technical report with above-mentioned number.
